

BUSHCARE TRAINING

Grasses and Groundcovers Field Workshop

Saturday 3rd June, 8am - 12pm (RSVP by 2nd June)

Barakee Picnic Area, Riverside Drive, LCNP

Spend the morning boosting your identification skills on native and weed grasses and groundcovers. Learn how weeding techniques, timing and strategies can help improve the regeneration of native plants on your site.

Recommended for new and existing volunteers.

Introduction to Bush Regeneration Course

Sunday 18th June, 9am - 4pm (RSVP by 15th June)

Venue: Jenkins Hall, Lane Cove National Park

This free introductory 1-day course includes bush regeneration principles, techniques & tools, weed recognition skills, safety in the bush, field demonstrations & an information package for every participant. Please bring your own lunch.

HIGHLY RECOMMENDED for all new volunteers.

Weed Identification

Sunday 16th July, 9am - 4pm (RSVP by 13th July)

Venue: Jenkins Hall, Lane Cove National Park

A good follow up to the Introduction to Bush Regeneration workshop, this free 1 day course looks at weed identification, classification and treatment techniques in greater detail.

Recommended for new and existing volunteers.

Bookings are essential to secure a place on a course.
